MY Fasttrack

Fasttrack is a bull that stands out due to his unique pedigree and overall breeding value.
++ Fasttrack impresses with solid milk production, featuring very high fat content and positive protein levels.
++ Particularly noteworthy is his outstanding udder health (low somatic cell counts and mastitis resistance) combined with excellent milking speed. Overall, Fasttrack excels with a very high and balanced health index.
++ Fasttrack produces medium-sized animals with very wide rumps and correctly set, slightly angled hind legs. The udders are high and firmly attached, featuring somewhat shorter, centrally placed teats.
++ His high productive lifespan and good daughter fertility are significant highlights; calving ease is average.
