GM: Riebensahm Wal Latina

Moldau P

Moldau P is a polled top sire from an excellent cow family. His granddam Latina is the dam of the successful sire of sons Watzmann and convinces with an impressive production (HL2: 14,524 Mkg; 4.54% F; 3.4% E) and is classified 8/7/8/7. Moldau itself offers the complete package: very good production, a high beef value, a faultless linear with good feet and legs and udder transmission as well as positive fitness values. With an OZW of 106 and beta casein A2A2, it is also particularly well suited for organic farms.
