KNS Galant Red

KNS Galant Red is a red full brother to Galwan RF and is therefore also a descendant from Niermann's proven D-line. His high overall breeding value is primarily due to his excellent fitness and health values, as well as a high milk yield. So is Galant among the rbt. He sires the former No. 1 bull for longevity in Germany and also convinces with extraordinarily good udder health and good daughter fertility. Due to his also very good feet and legs and udder inheritance, he is one of only two rbt. Sires in Germany with at least 112 RZE and 123 RZhealth. Galant is also very suitable for heifer insemination.

Linear

Merkmal	ZW	Tendenz	88	112	124	Tendenz
Stature	96	small				tall
