Major PP RF

Major PP RF is one of the very few sbt. Member sons on the market and, like his half-brother Spree PP, has an alternative sire line for polled breeding. Major PP is a very attractive all-rounder with no weaknesses, very good performance with high components, good fitness values ​​with positive milkability and consistently positive health values ​​with particular strength in metabolic stability. In addition, Major passes on an excellent exterior with a lot of frame and strength, with sloping, wide pelvises, parallel legs and high, firmly attached udders. Major is an RF carrier and tests beta-casein A2A2 and kappa-casein BB.

Linear

Merkmal	ZW	Tendenz	88	112	124	Tendenz
Stature	122	small				tall
