GM: Fiola PP Red VG-86

Matteo PP Red

Matteo PP Red is a Member PP son out of the full sister of our proven bull Sander PP Red and thus descends from the proven Splendor family, known and renowned as a source of late-maturing and functional long-production cows. Matteo PP's genetic profile fits precisely into this pattern. He promises very high milk yield with neutral components and boasts very high persistence (132). The combination of very good milkability with excellent udder health is just as much a plus as his exceptionally good claw health and resistance to Mortellaro. Matteo PP will produce medium-sized, viable offspring with perfectly sloped rumps and slightly angulated hind legs, all with well-attached, long-attached udders.
