GM: Saturday EX-90

Epikur is a daughter-proven all-round sire from a deep US cow family with 8 generations of EX cows, who also inherits good fitness and excellent conformation, which leads to a lot of positive feedback about his daughters. The udders have an optimal teat length and placement for AMS farms (RZRobot 105). The appearance of the Epikur daughters is very uniform and the animals are immediately noticeable - daughters of EPIKUR have a high, very positive recognition value! Epikur is a good pollinator and is testing kappa-casein BB.
