Mutter: Welcome Hancock Camilan EX-94

DonCamillo

DonCamillo is a son of Dropbox who is causing a sensation worldwide with his outstanding offspring. His dam Camilan EX-94 is just as successful a show cow as her famous UGM Damion Camomile EX-95 (Res. Grand Champion WDE & RAWF 2011) and her daughters have also achieved success. The hereditary power of his pedigree is also reflected in DonCamillo's inheritance profile. He passes on a medium milk yield with good components (plus beta-casein A2/A2), positive udder health and average calving ease. The highlight is the conformation - DonCamillo inherits a good size with a lot of body depth and strength. The very wide rumps are slightly inclined and offer plenty of room for the high and wide udders, which are held in place by a strong central ligament. The parallel hind legs are perfectly angled and the height of the trot is excellent. DonCamillo has the ability to make the special cow.
