Texas PP

Texas PP is the highest homozygous polled son of Winstar Taft PP, who was hardly used in Europe and who has an alternative bloodline via Immense-P x Heroic x Windfall. Texas' dam also has an outcross pedigree for polled breeding and is a daughter of the top American sire AltaZazzle, whose daughters impress worldwide with their outstanding performance.
Texas PP himself has a very complete profile with good performance, positive components, and a flawless conformation with sloping, wide pelvis and good udder heredity. Texas is very well suited for use on heifers and has the top combination of kappa-casein BB and beta-casein A2A2.

Linear

	ZW	-2	2
