Stammkuh: Batke Outside Kora EX-94

HaH Maserati from the Bewersdorf breeder is one of the few available sons of the Canadian top sire Manhattan in Europe and goes back to the European Champion (2yr) Batke Outside Kora EX-94. Maserati particularly convinces with a good production with high components, excellent udder health, long productive life and a flawless conformation with strengths in the body, sloping rumps and very good udder transmission. Through his extraordinary sire stack and as an attractive all-rounder Maserati can be randomly used. Sexed semen available.
