3GM: Wilder Herz P EX-90

Wilder Maxx PP

Maxx PP is one of the few freely available Mendel sons on the market. In addition, his father is the only polled sire of the seven bulls in the 3-generation pedigree, which is an absolute rarity for a pure polled sire. In addition to the alternative sire stack, he has 15 generations of VG and EX in a row on his mother's side, with absolute icons of Holstein breeding being represented in the pedigree from Wilder Herz-P EX-90 back to Batke Outside Kora EX-94. Maxx PP impresses with its high performance with high ingredients as well as solid fitness and a flawless exterior with very good udder and feet and legs inheritance.
